WORK EXPERIENCE

Web Developer

Feb 2024 – Present

DAF – BLEX I.C.T Services

- Designed and developed landing pages and business websites for clients using modern web technologies.
- Built responsive, high-performance websites with Next.js, React, Vite, Tailwind CSS, and TypeScript.
- Created engaging UI animations and transitions using Framer Motion to enhance user experience.
- Designed all accompanying graphics (hero images, Logos, icons, mockups) using design tools like Adobe Illustrator and Figma.
- Also developed simple static websites using pure HTML and CSS for lightweight projects.
- Collaborated with clients to gather requirements, present concepts, and deliver clean, optimized code.

Founder & Creative Lead

Jan 2024 – Present

Webink Creative Studios

- Started and ran a creative business offering web design and branding services to small businesses and startups.
- Designed and developed modern, responsive websites primarily using WordPress, Elementor, and custom themes.
- Provided end-to-end branding: logos, social media kits, product packaging, and marketing materials.

- Worked closely with clients to understand their brand goals and translated them into digital solutions.
- Managed client communication, invoicing, and project delivery timelines independently.

Front-End Developer • Intern

Aug 2022 – Feb 2023

Lofty Edge Networks Limited

- Assisted the front-end development team with web design tasks and simple layout fixes.
- Learned and applied principles of responsive web design and mobile-first development.
- Gained hands-on experience with HTML, CSS, and basic JavaScript under supervision.
- Introduced to UI/UX design fundamentals and contributed to small design improvements.
- Observed real-world development workflows and improved debugging and code organization skills.
- Practiced Git and GitHub basics to collaborate on code changes and understand version control.

Graphic Designer

Feb 2015 – Jan 2018

Star Ventures

- Created branding assets including logos, flyers, business cards, and social media visuals.
- Used tools like Adobe Illustrator, Photoshop, Canva, and corelDRAW to design for both digital and print.
- Supported businesses in building strong, consistent visual identities.
- Managed multiple design projects simultaneously, balancing priorities and client feedback.
- Prepared design files for print production, ensuring high-quality output and color accuracy.
